Christ Nagar International School
Trivandrum

International Partnership with France

We had a student exchange programme with College Jean Renoir, Bourges in France. On our request 18 students and 5 teachers arrived on 8th Feb.2014 at Trivandrum. They were received at the airport, and taken home by our partner students. On the 10th February they were given a rousing welcome in our school.

During their stay they visited the Rajiv Gandhi Bio-technology centre, VSSC, Technopark, Toonz Animation studio, Kottoor Elephant park, Alliance Francaise, Munnar Tea Plantations, Alleppey backwaters...

The team visited the **Chief Minister Oommen Chandy** at Cliff house, his residence.

At the final assessment session the French students were literally emotional, many of them cried, and had said that they want to stay on here in India.

A farewell party was given to the French team on 17th February, and a farewell dinner was hosted by the parents of partner students of our school. On 18th morning we gave the French delegation a very emotional farewell at the airport – a lot of tears were shed and handshakes lasted for minutes.
